► Youth Night 2026

Youth Night 2026 is here – a celebration of youth work led by young people nationwide.

Youth Night 2026 is coming! A nationwide celebration of young people, youth work and the communities that make it all possible.

Taking place on Friday, 13 November, Oíche na hÓige / Youth Night is an opportunity for Foróige young people to open the doors of their Clubs and UBU Projects and show what youth work looks and feels like in their communities.

Following the success of the first Youth Night in 2025, which saw more than 450 groups take part nationwide, this year's celebration will once again shine a spotlight on the creativity, confidence, connection and community spirit that thrive in youth work spaces across Ireland.

Tell us what you're organising through our short online form and we'll showcase your celebration on our national Foróige Youth Night map.

Foróige Clubs and UBU Projects are encouraged to host their own events, welcoming parents, neighbours, supporters and the wider community to experience youth work first-hand and see the difference it makes.

This year's Youth Night also takes place during Ireland's Presidency of the Council of the European Union, with Clubs and Projects encouraged to consider including a European theme as part of their celebrations.

Oíche na hÓige is an initiative of the **Department of Education and Youth**, delivered in partnership with Education and Training Boards (ETBs), the National Youth Council of Ireland and the youth work sector.

Bereaved Children's Awareness Week

Event Registration Now Open!

Bereaved Children's Awareness Week 2026 is on the horizon with events and activities planned from the 16th to the 22nd of November.

This year's campaign aims to help parents, carers and adults to be there for the grieving children in their lives. Children don't need perfect adults or perfect conversations. They need adults who can stay present, listen, communicate honestly, provide consistency, tolerate sadness and other difficult feelings, and respond flexibly to the individual child.

Bereaved Children's Awareness Week has for the last number of years posed an important question '*Children grieve too, so what can you do?*'

This year we provide three simple answers to guide people,

'Be informed'
'Be yourself'
'Be there'

Here's how you can make a difference:

- Host a stand or display in your workplace.
- Read and share our blogs.
- Put up a poster on your local notice board.
- Organise a viewing of one of our webinars with colleagues.
- Share our website with families who may benefit.
- Join the conversation on social media. @IrishHospiceFoundation
- If you're planning a public event, we'd love to help spread the word by featuring it on our website. Just email the details to info@childhoodbereavement.ie.

Still time to order your **free resource pack here!**

Please note: packs are standardised and we're unable to fulfil personalised orders.

SUPPORTING YOUNG PEOPLE

▶ Spunout Youth Jury: Applications Open

spunout Youth Jury - Applications now open

We are looking for young people aged 16 - 25 to join our Youth Jury and explore the question: **How can the digital world support young people to thrive?** We would love if you could share this opportunity with young people you know and work with.

We will have three juries, each looking at a different topic related to the online world, they are:

1. Connection and Belonging

2. The Weight of Being Online

3. Truth, Trust and Information Environment

If selected they will join 9 other young people on one jury. Just like a real jury they will hear evidence from experts, ask questions, discuss what they have heard and agree recommendations for spunout and people who make decisions that affect young people such as politicians.

Learn more here

Being part of a jury will involve:

- An online preparation session in early January
- Two in-person days in Dublin on Saturday January 23rd and Saturday February 13th
- An optional online session afterwards to confirm your jury's findings

Too often, decisions about young people are made without them. This presents a unique opportunity to inform national debate and make sure that youth voices are not only heard, but taken seriously.

Share the application form now

Applications close at 10am, Wednesday November 18th.

Questions can be emailed to advocacy@spunout.ie.

► Health Literacy: Operation Preparation Podcast

This is a fantastic resource to support patients' health literacy, when preparing for a procedure in hospital.

It is really important that this podcast reaches

- the general public, and
- all healthcare professionals also need to know about it so they can share it with their patients.

Operation Preparation Podcast

Operation Preparation, a podcast hosted by St James's Hospital staff, provides surgical patients with key information ahead of their upcoming procedure with the objective of empowering patients and seeing them have better outcomes. Now in its fourth season, the podcast seeks to answer the common questions people have about anaesthesia in the lead up to surgery, by providing a compilation of relevant patient experiences and insights from which new patients can benefit from, allowing them to clarify their own concerns.

This podcast is for general guidance and information only. Always seek the advice of a qualified healthcare professional with any questions regarding a medical condition.
