## WEBINARS & TRAINING

### ► Empower Your Community: Free Level 6 Family Literacy Training for Community Leaders : Open for Applications

In collaboration with SETU, Waterford and Wexford Regional Adult Literacy Coalition is offering a free Level 6 Family Literacy module designed to empower community leaders with the skills and knowledge to develop and deliver family literacy programmes. This module is suitable to individuals already engaging with groups from the ALL (Adult Literacy for Life) Strategy target cohorts, as they will be best placed to reach families who can benefit most from literacy support.

We encourage you to nominate community leaders who can use this opportunity to make a meaningful impact, directly supporting the literacy needs of families within their communities. Attached and below, you'll find a course poster with further details and how to register.

This initiative is part of our commitment for the 2024 and 2025 Waterford and Wexford Regional Literacy Action Plan.

**Further Information and Application Process** : Further details of the course and how to apply are on the poster overleaf which is available to [download here](#).
